## COVERS

**FRONT COVER:** The only one of its kind; this factory-built Falco is the sole example with an FAA certificate of registration in the Utility category. The sleek all-metal Italian speedster was restored by Marc Stamsta and was the Most Unique trophy winner in the Contemporary category at EAA AirVenture Oshkosh 2004. EAA photo using Canon digital photographic equipment by Jim Koepnick, EAA photo plane flown by Bruce Moore.

**BACK COVER:** John Sarsfield, Longmont, Colorado, is an EAA Master Artist, and he recently painted the Reginald Mitchell designed Supermarine S5. A pair of S5's won both first and second place in the 1927 Schneider Cup trophy races in Venice, Italy. Flight Lieutenant S.N. Webster and O.F. Worsley flew the pair, with Webster coming out on top with an average speed over the course of 453.282 km/h (281.656 mph). Our thanks to John for sharing his acrylic painting.
