COVERS

FRONT COVER: Lars De Jounge has always had a knack for finding wonderful unusual aircraft, and his 1961 Saab Safir certainly fits that bill. Read more about the Safir in Budd Davisson's article starting on page 6. EAA photo by Bonnie Kratz.

BACK COVER: Jeanne Reed flies it, Pete Reed restored it—their 1943 Boeing Stearman N2S-5 is one beautifully customized biplane, powered by a 300-hp Lycoming wrapped in a Beech AT-10 cowl. The Reeds, who make their home in Florida, worked together to make it possible to keep flying after Pete lost his medical certificate. Read about their solution in Sparky Barnes Sargent's article, which begins on page 12. EAA photo by Jim Koepnick.
