COVERS

FRONT COVER: Jim Nelson's Piper PA-24 Comanche is one of those neat airplanes that at first glance you may miss the many fascinating details that make up this modified family speedster. Read all about it in Budd Davisson's article beginning on page 7. EAA photo by Bonnie Kratz.

BACK COVER: The Harlow PJC-2 is often referred to as a "Baby Spartan." They are both professor/student aircraft projects from a time when that type of arrangement created some of the greatest aircraft of the past century. Read about this restoration by Matt Malkin of Seattle, Washington, in Sparky Barnes Sargent's article starting on page 12. Photo by Gilles Auillard.
