## COVERS

**FRONT COVER:** Congratulations are due to EAA's Chief Photographer Jim Koepnick as he surpasses his 500th magazine cover photograph with this shot of the rare Consolidated L-13, a military liaison airplane now serving as the "family truckster" for Clu Colvin and his brood. Read about it in Budd Davisson's article starting on page 4.

**BACK COVER:** Air Trails was one of the most popular aviation pulp magazines in the years prior to World War II. Their annual Light Plane Survey issues often had colorful artwork depicting the great airplanes of that decade. Can you name them all? The answers are on page 38.
